## 2007-2008 Report to the Community

The **Mission** of the Kansas City Free Health Clinic is to promote health and wellness by providing quality services, at no charge, to people without access to basic care.

In April, 2008, two events coincided to create a wonderful opportunity. The thirteen children or grandchildren of employees that were at the Clinic for "Bring Your Child to Work Day" created flyers thanking volunteers for all they do for the Clinic. All the flyers were posted during National Volunteer Appreciation Week, April 27 – May 3.
