Debbie Wood, WASA**

Thank you for your dedication to the patients of Kansas City Free Health Clinic!

WANTED

Volunteer ASL Interpreter Needed!

Volunteers, if you or someone you know is trained in American Sign Language, and would be willing to serve as a Volunteer ASL Interpreter, please let us know. Occasionally the Clinic gets a hearing-impaired patient and an ASL interpreter is needed. This is not an every-week necessity, but it would be good to know you could interpret for a patient when the need arises. Thanks!

Volunteer Update

The Kansas City Planning Council has recognized the great work of three of Kansas City Free Health Clinic's staff and one of the Clinic's volunteers:

- **Rebecca Burns**, HIV Case Manager, was recognized as the Outstanding Client Service Advocate for 2010.
- **LaTrischa Miles**, Treatment Adherence Specialist, and **Kristen Paulson**, HIV Case Manager, were both runners up for the Outstanding Client Service Advocate for 2010.
- **Kevin Green**, a longtime front office volunteer, was named Outstanding Volunteer for 2010.

Also recognized for their work as active leaders in committees (co-chairs, chairs and recognized leaders)

- **Dennis Dunmyer** (Finance Committee CoChair)
- **Sally Neville** (PC Member and Comprehensive Plan/Assessment Committee)
- **Amber Rossman** (Comprehensive Plan/Assessment Committee Cochair)
- **Kiyiia Clark** (Prevention Planning)
- **Ashlee Folsom** (Prevention Planning and CPG Co-Chair)

Congratulations to these leaders in fighting HIV for recognition of jobs well done!

“The race advances only by the extra achievements of the individual. You are the individual.”

~Charles Towne

M*A*C

The artists of M*A*C Cosmetics visited Kansas City Free Health Clinic to volunteer on World AIDS Day 2010, December 1st, 2010.

Artists created birthday and treatment/health care reminder cards for more than 500 people living with HIV/AIDS in Kansas City during their volunteer project with Kansas City Free Health Clinic. The artists' work was aligned with the vision statement of the Clinic, "Creating Solutions for a Health Community".
